

# PRC Jobs Program - Virtual Resume Review

This Thursday (5/28), from 10:00–11:30 AM, PRC’s Job Assistance Program is hosting a virtual resume review session—and it’s a great opportunity to get personalized, practical feedback on your resume.

Whether you’re starting from scratch or want to strengthen what you already have, our team will help you:

- Highlight your skills and accomplishments more clearly
- Tailor your resume to the types of jobs you’re targeting
- Make sure your resume stands out to employers

You’ll leave with specific suggestions you can apply right away.

It’s individual resume review – 1 to 1 in a virtual meeting room via zoom.
