

All documents can be uploaded to the IDES website with a person's Claimant ID

<https://www2.illinois.gov/ides/pages/submit-filing-documents.aspx>

When the new system is in place all the information will be transferred over.

Question re: PUA and independent contractors

Hi Debbie~

If possible could you pass along these questions to the source for answers to IDES questions?

We are currently assisting with unemployment filings for independent contractors and gig workers. We want to make sure we have accurate information to do it correctly. When a client states that they are an independent contractor on that page where it is an option, an additional questionnaire opens up, which asks for current week's payments. Our assumption now is that we then go back and have them upload their 2019 1099s and 2020 pay information from their sources, such as Uber. Is this correct, or is there something else we should be doing? It does not seem that IDES has a separate application process for PUA applicants.

Thanks~

Barbara Galli
