

FRONTLINE FOCUS
THE CHICAGO JOBS COUNCIL
TRAINING INSTITUTE

Future-Focused Remote Conversations

Coaching is inherently goal and action focused, encouraging clients forward to realize potential. However, the limitations of our platforms, ours and our client's collective trauma and fatigue, and the realities of scarce time and resources, as well as good news and encouragement, can all make sustaining future-focused coaching conversations challenging in the time of COVID-19. Coaches will explore together how to evolve our approach to encourage future-focused engagements via remote and virtual means. Through a focus on how we intentionally foster exploration and "forwarding," coaches will learn and share strategies to increase the impact of remote sessions.

This training will be offered twice in the month of June. Please register for the date and time that will be most convenient for you.
