FRONTLINE FOCUS
THE CHICAGO JOBS COUNCIL
TRAINING INSTITUTE

Covid-19 & Trauma

This training will explore the impact of the COVID-19 pandemic on individuals and communities. Participants will learn ways to discuss the psychological and emotional impact of this crisis as it relates to our daily lives. In recognizing the ongoing traumatic impact of COVID-19, facilitators will share resources that support healthy individual coping mechanisms and self-care. Participants will also have an opportunity to process the systemic impact of COVID-19 especially as it relates to already marginalized populations such as communities of color, undocumented immigrants, unhoused people, and disabled individuals. Lastly, participants will learn about the mutual aid networks and resource sharing channels communities have built to support collective care.

In order to keep the training accessible for all, we will be limiting the registration for this training to <u>two people per organization.</u>
